Indicates the stage of development, from early speculation to research to on-market applications. Descriptions are based on the project "The Seven Horizons" carried out by CETMONS (the Consortium for Emerging Technologies, Military Operations and National Security), in association with Arizona State University’s Sandra Day O’Connor College of Law, the Lincoln Center for Applied Ethics, and the Prevail Project: Wise Governance for Challenging Futures.

CNS-ASU research, education, and outreach activities are supported by the National Science Foundation under cooperative agreement#0937591.
