

A photochemical approach designed to improve the coating of nanoscale silver films onto food plastic wrappings intended to control bacterial hazards ^[1]

Submitted by Abigail Howel on Wed, 08/31/2016 - 07:48

Title	A photochemical approach designed to improve the coating of nanoscale silver films onto food plastic wrappings intended to control bacterial hazards
Publication Type	Journal Article
Year of Publication	2015
Authors	Mustatea, G ^[2] , Vidal, ic ^[3] , Calinescu, I ^[4] , Dobre, A ^[5] , Ionescu, M ^[6] , Balan, L ^[7]
Journal	Journal of Nanoparticle Research
Volume	17
Issue	1
Date Published	Jan-01-2015
ISSN	1388-0764
URL	http://link.springer.com/10.1007/s11051-014-2828-x http://link.springer.com/content/pdf/10.1007/s11051-014-2828-x ^[8]
DOI	10.1007/s11051-014-2828-x ^[9]
Short Title	J Nanopart Res
Citation Key	10.1007/s11051-014-2828-x
